

SCS Summer 2026 - Predicted Papers Coverage Glossary

By Sir Ammar Ahmed, FCA, CFA

How to use this glossary:

- Use this document in the Exam to identify where each major topic has been tested across the 10 papers.
- Some requirements are mixed; they are placed under the subject where they are most useful for revision.
- Students can revise both the technical topic and the case-specific business application.

A. Business Management:

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
AI and big data	Evaluate use of AI, big data analytics, telematics and dynamic pricing to improve utilisation, pricing, maintenance, customer experience, risk management and Board reporting.	Paper 3, Q3(a)	18	BM
Acquisition due diligence	Evaluate commercial, financial and operational due diligence matters before acquiring a smaller regional operator and recommend integration risk management.	Paper 5, Q3(c)	8	BM / BF
Budget sub-brand strategy	Evaluate proposed launch of KMCH's separate budget sub-brand, including strategic rationale, brand architecture, cannibalisation, operating model and risks.	Paper 6, Q2(a)	16	BM
Business process redesign	Assess the business process redesign required for booking, handover, maintenance reporting and depot performance monitoring.	Paper 1, Q1(c)	8	BM
Change management	Recommend how KMCH should manage organisational change and build employee capability when launching budget sub-brand and reorganising into SBUs.	Paper 6, Q3(b)	14	BM
Competitive positioning	Evaluate how competitor moves may affect KMCH's competitive position and recommend response using Bowman's Strategic Clock and/or Porter's generic strategies.	Paper 9, Q1(a)	14	BM
Crisis management and BCP	Recommend crisis-management, communication and business continuity plan for customers, staff, corporate clients, lenders, suppliers and service continuity.	Paper 4, Q3(b)	10	BM
Customer value proposition	Recommend how KMCH should redesign customer value proposition in response to app-based and peer-to-peer competition while protecting premium brand.	Paper 9, Q1(c)	8	BM
Employee motivation and L&D	Recommend framework for employee motivation, reward, training and learning development during cost/operating pressure, ensuring targets do not damage safety, ethics or customer service.	Paper 4, Q3(c)	8	BM

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
Equity story and KPIs	Advise what equity story KMCH should present to IPO investors, weaknesses undermining confidence, and financial/non-financial KPIs to support IPO narrative.	Paper 10, Q1(b)	12	BM / BF
External environment analysis	Analyse external environment and industry attractiveness of KMCH's Pakistan mobility market and proposed GCC market using PESTEL and Porter's Five Forces.	Paper 7, Q1(a)	14	BM
Franchise/licensing strategy	Evaluate proposed franchising / licensing model for KMCH, including growth, service quality, brand reputation, customer experience and control.	Paper 3, Q1(a)	18	BM
HR retention and training	Recommend how KMCH should improve employee training, supervision, retention and career development using exit-interview notes and operational issues.	Paper 8, Q3(b)	10	BM
Implementation plan and Board reporting	Prepare an implementation plan for depot restructuring and fleet replacement, including milestones, responsibilities, risks, controls and Board reporting.	Paper 1, Q3(b)	16	BM / Governance
Innovation process	Advise how KMCH should manage innovation process for competitive-response products: idea generation, screening, pilot testing, resource allocation, learning from failure and scaling.	Paper 9, Q2(c)	10	BM
Leadership and innovation culture	Recommend how KMCH should adapt Board composition, leadership style and organisational culture to respond to competitive disruption and encourage responsible innovation.	Paper 9, Q3(c)	10	BM / Governance
Leadership under pressure	Evaluate leadership style and management approach during inflation, fuel-price and interest-rate pressure, considering employees, customers and operations.	Paper 4, Q1(c)	8	BM
Learning and development	Recommend employee learning and development framework to address exit-interview issues and support GCC opportunity, Mobility Services carve-out and motorcycle adventure tours.	Paper 7, Q3(b)	8	BM
Macro cost pressure and strategy	Evaluate impact of rising fuel prices, spare parts inflation, insurance escalation and maintenance pressure on KMCH's business model, customer segments, margins, fleet operations and competitive position; advise on customer packages/value offering.	Paper 4, Q1(a)	14	BM
Operational feasibility	Discuss operational challenges of EV adoption in Pakistan for KMCH.	Paper 2, Q2(b)	8	BM
Organisation structure	Recommend changes to organisational structure and reporting lines to support multiple strategic initiatives, including EV/hybrid pilot, partnerships, new-city expansion and service-quality improvement.	Paper 2, Q2(c)	10	BM
Outsourcing	Evaluate benefits and risks of outsourcing selected maintenance, repair and roadside-assistance activities to approved third-party vendors.	Paper 3, Q1(b)	10	BM
Peer-to-peer rental strategy	Evaluate whether KMCH should launch a managed peer-to-peer rental platform, partner with existing platform, or avoid the model, considering strategic fit, commercial attractiveness, risks, brand impact and	Paper 9, Q1(b)	14	BM

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
	implementation.			
Performance analysis and benchmarking	Analyse performance of Korangi and Saddar depots using financial and non-financial data; compare with KMCH network average and identify key Board issues.	Paper 1, Q1(a)	8	BM / BF
Performance analysis and scorecard	Analyse financial performance, margins and operating KPIs under inflationary environment; recommend pricing, revenue protection, cost control and depot-manager scorecard.	Paper 4, Q1(b)	14	BM / BF
Portfolio analysis	Evaluate business portfolio using BCG matrix and/or product life-cycle analysis based on segment profitability, market growth and operating information; recommend prioritise/fix/harvest/ramp down/exit.	Paper 8, Q1(b)	16	BM / BF
Pricing and margin protection	Advise how KMCH should revise pricing, discounting and package design to protect margins while remaining competitive.	Paper 8, Q1(c)	8	BM / BF
Proceed/defer/pilot decision	Recommend whether KMCH should proceed with the EV/hybrid pilot, defer it, or run a smaller trial.	Paper 2, Q3(c)	10	BM / BF
SBU and portfolio strategy	Evaluate whether KMCH should reorganise operations into strategic business units and expand corporate leasing as a separate portfolio business line.	Paper 6, Q1(b)	12	BM
Service quality and benchmarking	Recommend service quality controls and benchmarking measures for depots and virtual operations.	Paper 1, Q1(d)	8	BM
Stakeholder management	Analyse key stakeholders affected by KMCH's proposed franchise and outsourcing model and recommend how the Board should manage concerns.	Paper 3, Q1(c)	10	BM
Strategic alliances	Evaluate strategic benefits and risks of strategic alliances with hotels, airlines, tourism operators and corporate travel managers.	Paper 2, Q1(a)	10	BM
Strategic capability and value chain	Assess whether KMCH has strategic capability and value-chain strength to execute growth options; identify capability gaps.	Paper 7, Q1(c)	8	BM
Strategic growth options	Evaluate strategic attractiveness of using Lioncrest funds for growth options including new-city expansion, IT platform, corporate leasing, motorcycle tourism and acquisition.	Paper 5, Q1(b)	12	BM
Strategic investor evaluation	Evaluate whether Lioncrest Capital Partners would be a strategically suitable investor for KMCH considering growth ambitions, family ownership, funding needs, governance maturity, premium brand and control concerns.	Paper 5, Q1(a)	12	BM
Strategic options / SAF	Evaluate suitability, acceptability and feasibility of main strategic options, including motorcycle adventure tourism in Pakistan and GCC international opportunity.	Paper 7, Q1(b)	12	BM
Strategic positioning	Assess whether the EV/hybrid pilot should be positioned as a premium corporate ESG mobility product rather than mass-market rental offering.	Paper 2, Q3(a)	10	BM
Turnaround, relocation and	Evaluate whether KMCH should turn around, relocate or close the two underperforming depots, considering	Paper 1, Q1(b)	8	BM

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
closure decision	strategic, operational, customer and employee implications.			
Virtual depot model	Compare the virtual depot model with the traditional physical depot model from strategic, operational and financial perspectives.	Paper 1, Q2(d)	8	BM / BF

B. Business Finance

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
APV and MIRR	Evaluate proposed budget sub-brand using APV, calculate MIRR, and critically assess appraisal assumptions.	Paper 6, Q2(b)	20	BF
Asset replacement decision	Prepare an asset replacement analysis for the 40 older vehicles and advise whether to replace now or retain for three years.	Paper 1, Q2(a)	12	BF
Business valuation	Value KMCH using earnings-based valuation, DCF valuation and adjusted net asset valuation, and advise whether Lioncrest's valuation is reasonable.	Paper 5, Q2(b)	16	BF
Capital rationing	Rank proposed projects under capital rationing in a high-inflation and high-interest-rate environment using financial and non-financial factors.	Paper 4, Q2(c)	12	BF / BM
Cash forecast and risk assessment	Prepare three-month cash-flow forecast, identify peak funding requirement and Board-level risk assessment of liquidity, operational and commercial risks; recommend mitigations and owners.	Paper 8, Q2(a)	16	BF / Governance
Carve-out valuation and strategy	Evaluate proposal to carve out KMCH Mobility Services as a separate subsidiary, including capital structure, free cash flow, valuation, control and strategic implications.	Paper 7, Q2(b)	14	BF / BM
Cost of capital	Calculate KMCH's cost of equity and WACC using CAPM and revised capital-structure assumptions and explain use in valuation/appraisal.	Paper 5, Q2(a)	8	BF
Dilution and Lioncrest comparison	Calculate ownership dilution and implied valuation under proposed IPO and compare with Lioncrest private investment proposal; advise preferable route.	Paper 10, Q2(b)	12	BF
Dividend decision	Calculate impact of maintaining, reducing or suspending dividends on external funding need and shareholder wealth; advise on dividend policy.	Paper 5, Q2(d)	12	BF
FX strategy impact	Evaluate impact of foreign currency volatility on KMCH's expansion strategy, pricing, margins and supplier contracts.	Paper 3, Q2(c)	8	BF / BM
Financial statement analysis	Analyse KMCH's financial performance and position for year ended 31 March 2026 and identify Board issues before approving further growth.	Paper 6, Q1(a)	14	BF
Financing and control	Evaluate financial, strategic and control implications of ordinary shares, preference shares, convertible debt or bank borrowing, including investor rights proposed by Lioncrest.	Paper 5, Q2(c)	8	BF
Forex hedging	Assess foreign exchange risk exposure from imported vehicles, spare parts, batteries and technology services, and recommend hedging techniques.	Paper 3, Q2(b)	12	BF
IPO readiness	Evaluate whether KMCH is ready to pursue an IPO within 12-18 months as suggested by Lioncrest and identify key issues to address before listing.	Paper 10, Q1(a)	12	BM / BF
IPO valuation	Estimate KMCH equity value using EV/EBITDA multiple, P/E multiple and DCF/free cash flow valuation; comment on range, limitations and IPO pricing.	Paper 10, Q2(a)	18	BF

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
Interest-rate hedging	Calculate impact of possible benchmark interest-rate increases on floating-rate borrowings and evaluate hedging techniques including FRAs, interest-rate futures and caps/collars.	Paper 4, Q2(a)	16	BF
Internal charging / transfer pricing	Evaluate internal charging arrangements for shared vehicles, head-office support, technology platform costs and maintenance services between segments; explain distortion risk.	Paper 8, Q2(c)	9	BF / BM
International appraisal and synergy	Evaluate proposed GCC opportunity, including parent-company NPV, business valuation of local operator and expected synergy benefits.	Paper 7, Q2(a)	18	BF
Investor governance	Recommend governance, reporting and protection mechanisms to agree with Lioncrest without excessive day-to-day interference.	Paper 5, Q3(b)	8	BF / Governance
Lease vs buy decision	Evaluate whether 55 replacement vehicles for the proposed DHA Phase VIII depot should be leased or purchased using discounted cost information.	Paper 1, Q2(b)	12	BF
NPV appraisal	Calculate the NPV of the proposed EV / hybrid pilot and comment on the result.	Paper 2, Q1(b)	14	BF
NPV comparison	Calculate and evaluate NPV of the franchise model compared with company-owned depot expansion.	Paper 3, Q2(a)	14	BF
Platform financial evaluation	Evaluate managed peer-to-peer platform using break-even and NPV / contribution analysis and comment on reliability of assumptions.	Paper 9, Q2(a)	15	BF
Post-IPO dividend policy	Recommend appropriate dividend policy after listing considering growth plans, shareholder expectations, liquidity, signalling and public-market discipline.	Paper 10, Q2(c)	8	BF
ROCE and capital efficiency	Evaluate impact of EV/hybrid investment on KMCH's ROCE and capital efficiency.	Paper 2, Q2(d)	10	BF
Relevant costing	Using relevant costing, evaluate outsourced maintenance vs in-house workshop vs hybrid model, including qualitative factors.	Paper 8, Q2(b)	10	BF
Replacement cycle / EAC	Using Equivalent Annual Cost, evaluate whether KMCH should adopt a three-year or four-year replacement cycle for selected high-usage vehicles.	Paper 4, Q2(b)	8	BF
Sensitivity analysis	Assess sensitivity of the EV / hybrid pilot to key assumptions identified by the Finance Director.	Paper 2, Q1(c)	8	BF
Sources of finance	Evaluate vendor financing compared with bank debt and leasing for the EV / hybrid pilot.	Paper 2, Q2(a)	10	BF
Targeted NPV and sensitivity	Calculate targeted utilisation rate and targeted average daily rental rate required for the relocated depot to achieve management's target NPV; comment on realism.	Paper 1, Q2(c)	10	BF
Treasury discipline	Advise on funding and treasury discipline before committing simultaneously to GCC opportunity, motorcycle-tour expansion and carve-out.	Paper 7, Q2(c)	6	BF
Use of IPO proceeds	Evaluate allocation of IPO proceeds between debt reduction, fleet expansion, technology/platform investment, working capital buffer and acquisitions; recommend balanced use of proceeds.	Paper 10, Q1(c)	12	BF / BM
Working capital	Analyse working capital position using pre-seen	Paper 8,	16	BF

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
analysis	management accounts/commentary and updated information; advise how to improve cash conversion without damaging relationships or service quality.	Q1(a)		

C. Sustainability / Business Continuity / Governance / Ethics

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
Business continuity and DR	Recommend business continuity and disaster recovery plan for app, telematics, payment and customer-verification systems after platform outage.	Paper 9, Q2(b)	10	BM / Governance
Corporate governance readiness	Recommend corporate governance changes before listing, including Board composition, independent directors, committees, related-party governance, internal audit, risk oversight, remuneration governance and investor protection.	Paper 10, Q3(a)	12	Governance
Cyber/data governance	Advise on cybersecurity, data privacy and data ethics risks from app-based rentals, telematics, licence verification, GPS tracking and digital payments, and recommend controls.	Paper 6, Q1(c)	12	BM / Governance
Ethical cash collection	Advise ethical response if depot managers are pressurised to delay deposit refunds and suspend services to slow-paying corporate customers solely to improve cash flow.	Paper 8, Q3(c)	5	Ethics / Governance
Governance during crisis	Advise Board on governance actions required under sound corporate governance principles in response to inflation, fuel-price and interest-rate shock.	Paper 4, Q3(a)	10	Governance
Governance of innovation	Recommend Board governance of innovation agenda, including peer-to-peer rentals, app products, data risks, investment approvals, risk appetite and post-implementation reviews.	Paper 9, Q3(a)	10	Governance
Investor relations and sustainability reporting	Recommend how KMCH should manage investor relations, market communication, reputation risk and sustainability-reporting expectations after listing, especially if performance differs from IPO growth story.	Paper 10, Q3(c)	6	Governance / Sustainability
Platform sustainability and ethics	Advise on sustainability, governance, ethical, customer-protection and regulatory issues if KMCH allows third-party vehicle owners to rent vehicles through its platform.	Paper 9, Q3(b)	9	Governance / Sustainability / Ethics
Regulatory compliance	Evaluate business risks if KMCH fails to maintain documentation over vehicle fitness, licences, insurance, accidents and chauffeur/tour-guide compliance; recommend Board actions.	Paper 8, Q3(a)	10	Governance / Law
Responsible growth / ESG	Advise how KMCH should respond to Lioncrest's request for a responsible growth plan covering environmental impact, customer safety, employee welfare and governance reporting.	Paper 5, Q1(c)	8	BM / Governance
Safety and ethical governance	Advise how Board should respond if management proposes launching motorcycle adventure tours before route safety, insurance, inspection and emergency-response arrangements are completed.	Paper 7, Q3(c)	8	Governance / Ethics

D. Taxation

Topic area	Exact requirement tested	Paper / Question	Marks	Subject area
Group taxation and intercompany charges	Discuss tax implications of royalty income, technology fees, service charges, group taxation and loss submission rules if KMCH creates a separate mobility/technology services company.	Paper 3, Q3(b)	10	Tax
IPO tax and legal implications	Discuss tax, legal and regulatory implications of IPO and pre-IPO restructuring, including share issue/advisory costs, dividend WHT, capital gains, related-party arrangements and listed-status compliance changes.	Paper 10, Q3(b)	8	Tax / Law
Income tax on transactions	Discuss income tax and transaction implications of new share issue, share transfer by existing shareholders, dividend payments, investor transaction costs and possible acquisition.	Paper 5, Q3(a)	8	Tax
International tax and demerger tax	Discuss tax implications of GCC opportunity and KMCH Mobility Services carve-out, including overseas tax, withholding on remittances, transfer pricing, intercompany charges, royalties/service fees and transfer of assets/IP.	Paper 7, Q3(a)	12	Tax
Sales tax and input tax	Discuss sales tax / input tax implications of purchasing vehicles, spare parts and disposing of old vehicles.	Paper 1, Q3(a)	10	Tax
Tax concessions and documentation	Discuss income tax / sales tax concessions, restrictions and documentation issues relating to EV/hybrid procurement and operation.	Paper 2, Q3(b)	10	Tax
Tax on sub-brand and financing	Discuss income tax and sales tax implications of budget sub-brand, corporate leasing, ljarah/asset-backed financing, and app-based rental/chauffeur services in multiple provinces.	Paper 6, Q3(a)	12	Tax
